Clear, ultra-slim design

Large screen useable space

Compact

Pure in the structure, purely in the design, purely in the application. The POS-213 PurePOS is a POS system that provides the latest technology with a clear design and high functionality. User-oriented features allow for a scope that meets the needs.

The nearly frameless panel construction and the fantastic 2256 x 1504 DPI resolution enable a visual language that renders your interface and graphics razor-sharp.

Request our new POS-213 PurePOS.

All-in-One POS-213 PurePOS

1. 13.5" touch screen with thin bezel of only 7mm
